EACH**

### KNOBBLY BALL 45CM

Inflatable larger, light weight sensory ball for easy throwing and catching. Easy to grasp. Nodules for extra sensory stimulation. Ideal for balance training, tactile therapy and gross motor skills development. Size: 45cm dia.

**ITEM 7105**

**\$27.90  
EACH**

### KNOBBLY BALL 60CM

Inflatable lighter weight knobby ball with hundreds of soft nodules. Throw, roll, kick, catch...great fun for hours! Soft to touch. Great for indoor and outdoor play. This ball features a durable vinyl construction. These balls can be rolled over the body, sat on or tossed between two people. Size: 60cm dia.

**ITEM 8031**

**\$14.95  
EACH**

### HI HOPPER

Old favourite bouncing ball with handle. Develops postural control, muscle tone and motor planning. Two sizes: 50cm dia. (Item 8031M) and 60cm dia. (Item 8031L).

**ITEM 7455**

**\$20.99  
EACH**

### HOP-A-LONG RUDOLPH

45cm PVC bouncer is super sturdy and lots of fun. Hold on to his ears or antlers and start bouncing.

### MEDICINE BALL

Australian made weighted balls provide heavy work to help integrate sensory feedback and strengthen the mind-body connection. Balls increase in weight from 1kg to 6kg. Can also be used for upper body rehab and fitness. Balls float in water for aquatic therapy exercises. Item 9710 (1kg), Item 9720 (2kg), Item 9730 (3kg), Item 9740 (4kg), Item 9750 (5kg), Item 9760 (6kg).

**ITEM 9699**

**\$112.75  
EACH**

### C BALL

Transparent PVC ball with bells inside. Excellent for visually impaired child. Size: 55cm dia.

**ITEM 8003**

**\$18.50  
EACH**

### AIR CUSHION

Air filled disc that mimics gym balls. Features bumps on one side and pimples on the other. Enough air for person to wiggle just that little bit to maintain focus. Pump included. Size: 34cm dia.

**ITEM 8002**

**\$42.00  
EACH**

### STABILITY DISC

An Australian made round, inflatable cushion which has a smooth surface on both sides. Promotes correct seating posture. Great for children and young people who need additional movement in order to remain attentive to task. Compact and portable. Size: 33cm dia.

**ITEM 8004**

**\$66.75  
EACH**

### GIANT STABILITY DISC

Large enough for both feet during standing exercises. Also used for lying, kneeling, sitting or stepping exercises. Have a friend join you on this extra large disc. Size: 60cm dia.

**ITEM 8033**

**8033S  
\$44.95  
EACH**

**8033L  
\$49.99  
EACH**

### SITTING WEDGE

Air-filled wedge helps students with posture and concentration. Easy to use. Inflate or deflate wedge to vary level of difficulty. Available in small (ITEM 8033S: 25cm x 25cm x 7cm) and large (ITEM 8033L: 34cm x 34cm x 7cm).

### DOUBLE ACTION PUMP

Mini hand pump that delivers a continuous stream of air in both the inward and outward strokes. A hand tool for quick top-ups or for smaller inflatable items. Size: 23cmL.

### HEAVY DUTY PUMP

Better quality two way pump with multi-use adaptors. Provides continuous stream of air. Pump inflates and deflates. Excellent for larger inflatables.

**ITEM 9554**

**\$0.05  
EACH**

### REPLACEMENT PLUG FOR ANTI-BURST BALLS

When placing your order, why not grab a few spare plugs as insurance.

**ITEM 6074**

**\$87.40  
EACH**

### BALANCE TRAINER

With more children being diagnosed with conditions such as Autism, sensory processing disorder and ADHD, there is a greater awareness of the importance of the vestibular system. The Balance Trainer is a great tool to harness the many core and stabilizing muscles necessary for balance.

**ITEM 6072**

**\$16.35  
EACH**

### WOBBLE BOARD

Provides 360 degrees of movement for a complete range of motion. Great tool for proprioceptive and rehabilitation exercises for both children and adults. Light weight and portable. Size: 42cm dia.

**\$59.99  
EACH**

**ITEM 9279**

### BALANCE BOARD

Australian made, durable, heavy duty plastic balance board. Circular grooves on surface provide grip while slight convex gradient gives extra support. A great tool to help children and adults with sensory processing disorders to improve balance and coordination skills. Size: 40cm dia.

**ITEM 8040**

**\$36.30  
EACH**

### MUSHROOM STOOL

Small one-legged plastic stool for the outdoors, where your own legs provide the two other parts of the stool. Stay focused and concentrate on remaining upright on the stool- a great tool for perceptual motor skill development. Size: Seat 23 x 24cm, Height 21cm.

**ITEM 8036**

**\$138.70  
EACH**

### SPINNING TOP

Solid, tough and durable plastic spinning top. Ideal to spin in, rock around 360 degrees, hide in or sit on. Size: 71cm dia, Depth 26cm.

**ITEM 6073**

**\$14.95  
EACH**

### SPINNER

Stand on the spinner and the disc allows you to twist while in a stationary position. Many uses-keeps busy legs moving while staying stationary, provides stability training and assists in improving balance and coordination skills. Size: 24.5cm dia.

**ITEM 7426**

**\$35.90  
EACH**

### BILIBO

High density polyethylene shell which is perfect for rocking, rolling and spinning. For inside and outside play. Size: 39cm x 39cm x 22cm.

**ITEM 8035**

**\$87.25  
EACH**

### SUMMER SKIS

Great piece of equipment for motor planning, practising social skills, balance and coordination. Accommodates 3 children at the same time. Ideal for ages 7-10 years.

**ITEM 8100**

**\$36.55  
EACH**

### WOBBLE BALANCE DOME

These balance domes are strong and sturdy and come with a textured top. They are designed to develop balance, motor coordination skills, weight distribution and core strength. Great for home therapy. Capacity 350kg. Size: 40cm dia.

**ITEM 8038**

**\$887.50  
EACH**

### SOLO TRAMPOLINE

Reinforced webbing suspended in steel springs with sloped protected rim and foam covered handles. Excellent for push offs and landings. Promotes balance, timing and motor planning. Size: 103cm dia. Height: 28/80cm. Suitable 3-10 years. SWL: Max 50kg.

**ITEM 8039**

**\$482.90  
EACH**

### INFANT TRAMPOLINE

Tensioned so that even small children will experience a springing effect. Suitable for children 18mo to 4 years. Excellent for balance and coordination exercises. Rubber protected rim and foam covered handles. Size: 103cm dia. Height: 14/65cm. SWL: Max 20kg.

**ITEM 8089**

**\$287.10  
EACH**

### SEAL AIR MAT

Inflatable mat. Good for working with postural adjustments, motor planning and sensory stimulation. Excellent for home or clinic. Size: 120cm x 210cm. SWL: Max 65kg.

MEDIUM FOR HEIGHT  
160-168CM**

**STRETCHZEZ**

This soft, full body resistance band is made from nylon lycra. Feel snug and supported as you press into the resistance of the band.

**ITEM 9545**

**\$6.20  
EACH**

**STRETCH RANGER**

Easy to use overhead rehabilitation pulley system to improve range of motion. Includes length adjustment and easy grip handles. Suspended from doors. Great tool to learn about position and movement of body through muscles contracting, stretching, bending, straightening and pulling for children and adults with proprioceptive input issues.

**ITEM 6077**

**\$12.35  
EACH**

**AB MAT**

Lightweight, compact and designed with ideal contour and height to support the lower back. Provides full range of motion targeting all abdominal muscle groups. For those with sensory processing issues, this is a great device to experience muscles stretching and contracting in a coordinated movement.

**ITEM 6078**

**\$2.60  
EACH**

**STRETCHING STRAP**

Single strip of firm webbing with evenly spaced loops along its length to help stretch out, increase range of motion and perform dynamic stretches without a partner. The loops allow for deep, gradual stretching of major muscles. A simple proprioceptive activity for children and adults. No buckles, no need to tie knots, compact and portable. Size: 1.93mL x 2.5cmW.
